PASMA Combined Training Course

This course has been designed for more than just construction sites but for all workplaces, such as schools, offices and factories both internally and externally. Because the course has combined the Standard Certificate course and the Low Level course it provides real value for money and provides the training in one day.

Who is this course for?

This course has been designed to provide the necessary training for anyone in an organisation, who assembles, alters, dismantles, moves, inspects and most importantly uses standard and low level access equipment such as Podium steps, Folding Room Scaffolds and Wide Area Low Level Access Towers.

Aims

The aim of the training is to provide delegates with necessary information to assemble, alter, dismantle, move, inspect and use Podium steps, Folding Room Scaffolds and Wide Area Low Level Access Towers.

Course Content:

- Current Legislation
- Regulations and Guidance affecting working from low level access units and standard mobile access towers
- PASMA Code of Practice
- Publicly Available Specification
- Assembling, altering and dismantling
- Current best practice for fall protection
- Inspection of both low level and standard mobile access towers.
- Tower Inspection Records
- Hazards affecting the use of units & platforms

Course Summary:

- 5 Year Certificates
- PPE Needed
- 7 Hours Course Duration
- Maximum 8 Delegates

Course Duration:

1 Day
